Data Exchange

Regardless of industry or company-size, there comes the inevitable challenge of working with CAD data from different sources. With its support for data exchange of all major CAD formats – in some cases, providing associative data exchange capabilities – Pro/ENGINEER fosters multi-CAD fluency. Overall, Pro/ENGINEER makes the task of working in today's multi-CAD reality far more productive.

[AutobuildZ for Pro/ENGINEER](#)

A wizard-based approach for creation of 3D designs from 2D drawings.

[Pro/ENGINEER Interface for CATIA V5 with ATB](#)

Retain associativity & automatically update changes for a more efficient multi-CAD design.

[Pro/ENGINEER Interface for CATIA II with ATB](#)

Retain associativity & automatically update changes for a more efficient multi-CAD design.

[Pro/ENGINEER Interface for Unigraphics with ATB](#)

Connects to a live session of UG to exchange geometry while retaining associativity.

[Pro/ENGINEER Interface for JT](#)

Enables import and export of Unigraphics JT parts and assemblies.

[Pro/ENGINEER Interface for I-DEAS](#)

Achieve multi-CAD fluency with the ability to import I-DEAS parts & assemblies.
