## Windchill PLM On Demand

### PLM Benefits Without The Hurdles

Designed to eliminate the hurdles of upfront investment, IT resources and longer deployments, PTC PLM On Demand Standard, delivered as a service and hosted by IBM, is your easy-to-use, comprehensive solution for small-and-medium sized businesses. Go live in days, access from anywhere and enjoy the security, performance, and scalability of IBM hosting. Enjoy all the benefits and capabilities of PLM - without all the hurdles.

### Capabilities & Benefits:

- Modular adoption with either standard [Windchill PDMLink On Demand](#), [Windchill ProjectLink On Demand](#), or the combined solution
- Pricing optimized for SMBs – fixed setup fees and low monthly subscription that scales as your needs grow
- Eliminates complexity, time, cost, and risk of installation, maintenance, and upgrades
- Via Windchill, delivers a unique and comprehensive understanding of Pro/ENGINEER data and relationships
- Unites engineering and enterprise data management, eliminating the need and cost of integrating separate applications

### Integrations

Viewables and Microsoft Office integrations are offered throughout, making product information available to everyone.

### Web-based Interface

Easy-to-use Web-based interface with interactive visualization woven throughout to quickly access product and process information.
